Now that JBSA has secured funding for the demolitions, the attached Resolution will authorize staff to move forward with the project by advertising for the bid. Universal City will manage the project and pay the awarded contractor then be reimbursed by AACOG, who will then be reimbursed by JBSA. C. PUBLIC HEARING: P.C. 528 & ZC 213: A request for text amendments to the Zoning section of the Code of Ordinances:

   A. Ordinance 581-Q-2020: Chapter 4-5 – Zoning, Section 4-5-71: to modify the Fence Requirements, including height and location requirements
   B. Ordinance 581-Q-2020: Chapter 4-5 – Zoning, Section 4-5-83: to modify the Outdoor Storage and Display requirements, including fence height requirements for General Outdoor Storage
   C. Ordinance 581-R-2020: Chapter 4-5 – Zoning, Section 4-5-84: to establish a Commercial Trash Enclosure requirement
D. **Ordinance 581-S-2020**: Chapter 4-5 – Zoning, Section 4-5-99 through 4-5-104: to establish Outdoor Residential Lighting requirements

Development Service Director Michael Cassata described the proposed changes to the zoning code. He explained that these changes would allow for an 8’ fence on residential property that abuts commercial or multi-family properties. It would also allow for a front yard fence either 3’ tall or 4’ if it is decorative. The changes would also require the decorative side of the fence to face outward and allow areas zoned C4 or C5 to have an 8’ fence and would require any outdoor storage to meet the same standards. Additionally, approving these ordinances would enforce all new or renovated commercial trash enclosures be masonry wall on three sides with a mesh gate or fence in the front. This is to help contain fire as well as be more aesthetically pleasing. Finally, this change would affect outdoor residential lighting. It requires new outdoor lighting fixtures to be shielded and prohibits unreasonable glare into neighbors homes.

Mayor Williams opened the Public Hearing at 6:54 p.m.

There being no comments, Mayor Williams closed the Public Hearing at 6:55 p.m.

D. **Consider P.C. 528 & ZC 213**: A request for text amendments to the following portions of the Code of Ordinances of the City of Universal City, Texas:

C. **Ordinance 581-R-2020**: Chapter 4-5 – Zoning, Section 4-5-84: to establish a Commercial Trash Enclosure requirement (1st reading).

D. **Ordinance 581-S-2020**: Chapter 4-5 – Zoning, Section 4-5-99 through 4-5-104: to establish Outdoor Residential Lighting requirements (1st reading).

Councilmember Shelby asked if there was any consideration for letting residential properties have 8’ fences if they back up to a two-story home. City Manager Turner said no that consideration was only for residential properties abutting multi-family/commercial property.

Councilmember Goolsby asked if the trash enclosure requirement is retroactive. Mr. Cassata confirmed that it was not retroactive and only applied to new builds or significant remodels.
